THE COLLEGE.

The Free Academy of the City of New York, although Academic in name, was intended, from its very first inception, to furnish a complete Collegiate Education. This appears from the language of a Committee appointed by the Board of Education, July 27th, 1846, to report upon the subject of the establishment of an Institution of this nature, which report was made and considered at a Meeting of the Board held on February 10th, 1847, and formed the basis of a Memorial to the Legislature. It recommended the establishment of a "Free College," in the following terms :

"Your Committee will briefly remark, that their design is to offer the idea of a College, in which, while it shall be in no way inferior to our Colleges in the character, amount, and value of the information given to the pupils, the course of studies to be pursued will have reference to the active duties of operative life, rather than those more particularly regarded as necessary for the pulpit, bar, or medical profession."

In pursuance of this recommendation, a law having been passed authorizing the establishment of the New York Free Academy, a course of study was laid down, wisely adapted to secure this great foundation principle of its organization. This course from time to time was modified and enlarged, until it reached that breadth and symmetry that the Legislature, in the year 1854, passed a law endowing the Academy with full collegiate powers and privileges, so far as pertained to the conferring upon its graduates the usual collegiate degrees and diplomas in the Arts and Sciences.

It was found, however, as the number of graduates increased and

spread themselves over our land in places where their Alma Mater was known only by its name, that the impression was made thereby that they had not enjoyed a Collegiate Education, and this imposed upon them the unpleasant necessity of vindicating their claims to liberal learning, by explaining their *status* as graduates of the New York Free Academy. This cloud which rested upon the graduates began to cast its shadow upon the Institution itself.

The number was increasing from year to year of those who repaired to Colleges to finish their education, not because of their superior facilities, or the overshadowing fame of their teachers, but simply to graduate from an institution having the name as well as the functions of a college. It was the general conviction of the graduates and students that it would be an act of policy as well as of justice to give the Institution the name to which it was fairly entitled, both by its course of study and by the act of the Legislature empowering it to confer collegiate degrees.

Such, we believe, was also the sentiment of the most enlightened friends of education, who had become acquainted with the character of the Institution and the thorough training of its graduates in the liberal arts and sciences. For these reasons, on the recommendation of the Board of Education, the Legislature in its wisdom changed the name to that of the "COLLEGE OF THE CITY OF NEW YORK," the change to take effect May 1st, 1866.

REQUIREMENTS FOR ADMISSION.

The examination of candidates for admission takes place immediately after the general examination in July. No student can be admitted to the College unless he resides in the city, be fourteen years of age, have attended the common schools in the city twelve months, and pass a good examination in

Spelling,	Algebra, as far as quadratic equa-
Reading,	tions, inclusive,
Writing,	Geography,
English Grammar,	History of the United States,
Arithmetic,	Elementary Book-keeping.

No candidate can be examined for admission, unless he present to the President of the College a certificate in the form prepared by the Executive Committee, signed by the Principals of the Schools of which he has been a member, and specifying the age of the candidate, the Common Schools of this city which he has attended, the dates and the length of time of his attendance in each. If the number qualified for admission be more than can be admitted, the preference is to be given to those who have attended the Common Schools the greater period.

At either of the regular examinations candidates may be admitted to any class, to pursue the studies of any one or more departments, provided they shall have attended the Common Schools the requisite period—shall be of the proper age—shall pass the proper examination for admission, and also an examination satisfactory to the Faculty, in the previous studies of the class or departments to which they wish to be admitted.

No person is allowed to be present at the examination for admission except the instructors in the College, the members of the Board of Trustees, and other school officers; neither the names of the candidates nor the schools from which they are sent are made known to the instructors conducting the examinations, but each candidate is designated, during examination, by a number given to him on a card by the President. Only the names of such as have passed a good examination are afterwards ascertained, in order to be inscribed on the Rolls of the College.

Students are not allowed to reside or board in the College; they reside or board with their parents or guardians. By removing from the city they forfeit their right to remain in the Institution.

Graduates may become resident graduates and continue their studies at option.

DISCIPLINE.

The punishments inflicted are demerit marks, private admonition, admonition by the President in the presence of the Section and of the Instructor in the recitation room, suspension by direction of the

President, public admonition by the President in presence of all the students at roll-call, final admonition by the President in a meeting of the Faculty, and dismissal for misconduct, to be directed by a vote of the Faculty.

No student is demerited without receiving notice of the fact and the cause.

Every student admitted into the College receives a certificate thereof, stating that on leaving the Institution with a good character, after one year, he shall receive another certificate or diploma, stating the period he has been in the College, and the studies there pursued by him, provided he shall have satisfactorily accounted for all the books and other property committed to him; but no student shall receive a certificate of dismissal if he be dismissed for misconduct; and in each certificate it shall be stated that the recipient is furnished with a statement of his standing in the College, as it appears on the records, during his whole connection with the Institution.

OFFICERS OF INSTRUCTION AND GOVERNMENT.

The studies are pursued under the following Collegiate Officers, appointed by the Board of Trustees:

The President, who is Professor of Philosophy.

A Professor of English Language and Literature.

A Professor of the Latin and Greek Languages and Literature.

A Professor of French Language and Literature.

A Professor of German Language and Literature.

A Professor of Spanish Language and Literature.

A Professor History and Belles-Lettres.

A Professor of Pure Mathematics.

A Professor of Mixed Mathematics.

A Professor of Chemistry and Physics.

A Professor of Natural History and Physiology.

A Professor of Drawing.

An Adjunct-Professor of Philosophy.

And as many Tutors as may be from time to time required.

The Faculty consists of the Professors and Adjunct-Professors.

The choice of each student as to the course of studies he intends to pursue must be made in writing, at the time of his admission, and registered and filed at the College. It must be made by the parent or guardian, or by the parent or guardian be submitted in writing to the discretion of the Faculty. It is important that the subject be carefully considered before the selection be made, as, from considerations of advantage to the student, as well as from a proper regard for the orderly working and discipline of the Institution, when once commenced, the same course must be pursued as long as the student remains in the College.

The classes are annual, and the full course of studies embraces five years, of two terms each.

The following table exhibits the full course of studies for each class and term, with the text-books used, and the number of recitations per week.

LECTURES AND EXERCISES.

In addition to the recitations as laid down in the course of study, lectures are delivered on the various subjects, as follows:

BY THE PROFESSOR OF MORAL, INTELLECTUAL, AND POLITICAL PHILOSOPHY.

Lectures on the Laws of Nations and the Constitution of the United States.

BY THE PROFESSOR OF ENGLISH LANGUAGE AND LITERATURE.

Lectures on the History of the English Language and Literature

BY THE PROFESSOR OF ANCIENT LANGUAGES.

Lectures on the Formation and Structure of the Greek and Latin Languages, and their relation to the study of the English Language.

BY THE PROFESSOR OF FRENCH LANGUAGE AND LITERATURE.

Lectures on the History of the Formation of the French Language.

BY THE PROFESSOR OF GERMAN LANGUAGE AND LITERATURE.

Lectures on the History of German Literature.

BY THE PROFESSOR OF SPANISH LANGUAGE AND LITERATURE.

Lectures on the History and Structure of the Spanish Language.

BY THE PROFESSOR OF HISTORY AND BELLES-LETTRES.

Lectures on Ancient and Modern History, and on Rhetoric.

BY THE PROFESSOR OF MIXED MATHEMATICS.

Lectures on the Popular Applications of Natural Philosophy.

BY THE PROFESSOR OF CHEMISTRY AND PHYSICS.

Lectures on the Practical Applications of Chemistry.

BY THE PROFESSOR OF NATURAL HISTORY AND PHYSIOLOGY.

Lectures on Natural History, Anatomy, Physiology, Hygiene, Geology, Mineralogy, and Physical Geography.

BY THE PROFESSOR OF DRAWING.

Lectures on the Principles of Design, as applied to Industry and the Fine Arts, and on the Fine Arts and their History.

Exercises in declamation and composition are required once a month from each student, and original declamation from the students of the Senior and Junior Classes.

EXAMINATIONS.

There are two public examinations during the Collegiate year. The first commences on the first Monday of February, the second on the third Monday before Commencement, each continuing eight days. The examinations are conducted by the officer in charge of each study, and no student is allowed to advance to the next class without being found qualified for such advancement. If any student shall, in any of his studies, have made so little progress as not to have an average rate of at least half the maximum on the last Merit-Roll, he is rated as deficient, and so recorded; and, if rated as deficient on two successive Merit-Rolls, he is dismissed from the College.

MERIT-ROLL.

The Merit-Roll is made up immediately after each examination. On this roll each student is ranked according to his standing in his class, indicated by the amount of merit-marks received during the term, for conduct, recitations, and examinations. The roll is divided into four categories—Highest, High, Good, and Low.

The Student who has the highest number of marks in his class ranks Highest.

All Students rank High, the total of whose marks in study and conduct together equals the maximum of conduct plus nine-tenths of the maximum of study.

All Students rank Good the total of whose marks equals the maximum of conduct plus six-tenths of the maximum of study.

And all Students, the total of whose marks fall below this last sum, rank Low.

The maximum of merit in any study or exercise is ascertained by multiplying the whole number of exercises of the class during term-time by ten, which is the maximum of merit in each recitation.

The maximum of merit in any examination is ascertained by multiplying the number of recitations per week in each subject by one hundred.

The maximum of conduct is ascertained by multiplying the whole number of collegiate days by ten; and the rate of conduct is ascertained by deducting from such maximum all demerit-marks.

The Merit-Roll is signed by the President, and, after being printed by the Executive Committee, is sent to the parents or guardians of every student.

TERMS AND VACATIONS.

The exercises, during term-time, begin at 9 A. M., and continue until all the classes are heard. The doors are closed for roll-call at precisely 15 minutes before 9 o'clock, when all the students are to be in their seats in the Hall of the Chapel, and all the instructors in attendance.

There are three vacations in each Collegiate year--the summer vacation, from Commencement to the third Wednesday in September; the winter vacation, from the 25th day of December to the 2d day of January, inclusive; the spring vacation, from the last day of April, inclusive, one week. There are no College exercises on Saturday, on the day celebrated as the Anniversary of American Independence, on the 22d day of February, and on Thanksgiving Day. The first Col-

legiate Term commences at the end of the summer vacation, and the second at the end of the first examination.

DEGREES.

The Board of Trustees is authorized by law to confer the usual Collegiate Degrees on the recommendation of the Faculty. The degrees are, *Bachelor of Arts*, for those who have pursued a full course with ancient languages; *Bachelor of Sciences*, for those who have pursued a full course with modern languages; and the degrees of *Master of Arts* and *Master of Sciences*.

The Faculty recommend no one as a candidate for either degree whose average standing in any study of the senior year has fallen below seven-tenths of the maximum. Each member of the graduating class is required to write a composition for oral delivery, to be sent in four weeks before Commencement. Orations and dissertations written for this occasion are not to exceed seven minutes each in length, with the exception of the Valedictory and Salutatory Orations, which may be extended to ten minutes.

A Bachelor of Arts or of Sciences, of three years' standing, may be admitted to the degree of *Master of Arts*, or to that of *Master of Sciences*, provided he show, to the satisfaction of the Faculty, that in the interval he has been engaged in some literary or scientific pursuit, and has sustained a good moral character; application to be made either personally or by letter, at least one month before Commencement, accompanied by an original paper on any subject, and certified under his own hand to be his own composition, written within six months before his application.

COMMENCEMENT.

The Commencement of the College is held on the Thursday after the Third Wednesday of July in each year, at a place provided by the Executive Committee.

The performances of the graduating class on Commencement Day are eight orations, and no less than eight nor more than twelve dis-

sertations. Of the orations the Valedictory is the highest honor of that nature in the gift of the College, and is assigned to the student who stands highest on the Merit-Roll, reckoning from the beginning of the Freshman year. The Salutatory Oration is the second honor, and is given to the student who ranks second on the Merit-Roll. The six remaining orations constitute the third, fourth, fifth, sixth, seventh, and eighth honors, and are given to the students who rank from third to eighth on the Merit-Roll. The dissertations are given to such other students in the graduating class as particularly excel in rhetorical merit. There is also a Master's Oration, pronounced by one of the candidates for that degree, appointed by the Faculty.

After the exercises of the graduating class the distribution of the diplomas takes place, and also that of the various prizes hereafter described.

JUNIOR EXHIBITION.

On the evening of the last Friday of the examination in February is held, in the large Hall, or such other place as the Executive Committee on the College may designate, the exhibition of the Junior Class, at which time there is public speaking of original compositions by members of that class; they are appointed by the Faculty, in November in each year, from among those whose standing in the last preceding Merit-Roll is not lower than "good," and who have not received 75 demerit-marks during the second term of the Sophomore, nor 40 demerit-marks during the first term of the Junior year, up to the day of appointment.

T H E P E L L M E D A L .

In 1849, Duncan C. Pell, Esq., placed in the hands of Trustees \$500 to be invested, and the income to be applied annually, forever, to procure a gold medal, to be awarded by them to the student in the College who shall have made the greatest proficiency in his general studies during the year.

In 1856, the above-named donor, by a deed of trust, authorized the Trustees of the said Fund, if to them it should appear expedient, to devote a portion of the income of the Fund to the procuring of a *silver medal*, to be awarded to the student who shall rank second in general proficiency during the year.

THE RIGGS MEDALS.

In July, 1864, Elisha Riggs, Esq., by a donation of \$1,000, in United States securities, established a fund to be administered by Trustees, the annual income of which shall be forever devoted to the providing of a gold medal, to be annually awarded in July to the author of the best English Prose Composition in the Senior Class of the Collegiate year then terminating; and of a similar gold medal to be so awarded to the author of the best English Prose Composition in the Junior Class of the same year; any surplus of income to be applied by the Trustees to further, in any way they may think best, the design of the donor to stimulate the cultivation of English Composition in the College of the City of New York.

PRIZES FOR DECLAMATION.

PROSE.

In 1852, Erastus C. Benedict, Esq., then President of the Board of Education, offered a prize for excellence in *Public Speaking*, to be called the "PRIZE OF THE PRESIDENT OF THE BOARD OF TRUSTEES." The speakers contending for this prize are chosen by ballot from the three higher classes, two from each class by their class-mates, and the six so chosen are the only competitors for the prize. They speak

selected pieces, and the speaking forms a part of the preliminary proceedings of Commencement; the prize is awarded by a committee of gentlemen having no relation to the College, selected by the donor. The award is announced on Commencement day.

The successive Presidents of the Board have offered prizes in accordance with the foregoing conditions.

POETRY.

In 1855, a gentleman of this city, being desirous of promoting the interests of the College, and of advancing the cause of learning, offered a "Prize to the best Declaimer of a selected Poem," the competitors to be selected, one from each of the three higher classes, by the students of said classes respectively; the exercises to form a part of the Commencement, and to take place at the same time as the speaking for the "Prize of the President of the Board of Trustees," and the award to be made by the committee designated to confer the prize in prose speaking, and at the same time and place.

PRIZE FOR TRANSLATION FROM THE FRENCH.

In 1857, a gentleman offered an annual prize for the best translation from French into English. The translators contending for the prize are elected by ballot from and by the students in the three higher classes who have studied French in the College, two from each class, and the six so chosen are the only competitors for the prize. The translation is made after the summer examination, on a day appointed by the President, and within a given time, not exceeding three hours. The passage is selected by the professor of French; and the merit of the translation is judged by its excellence both in interpreting the foreign text, and in the use of good idiomatic English; the former point being decided by the Professor of French, the latter by the Professor of English. These two Professors form the Committee of Award, together with the President, to whom they report, according to a scale of merit previously agreed upon, and from an addition of such reports the name of the successful competitor

is ascertained. Each translation has appended an assumed name or motto, and a sealed letter bearing the name or motto and containing the true name of the translator, is left with the President.

PRIZE SPEAKING.

Agreeably to the institution of the before-mentioned "Prizes for Declamation," there is held, on the Friday preceding Commencement, at a place provided by the Executive Committee, a public exhibition and trial of the skill of the students of the College in declamation.

AID FUND.

In 1857, the Association established a fund for the purpose of assisting such students of the Institution as might otherwise find difficulty in completing their collegiate course. This fund is maintained by contributions from the Alumni. The management of the fund is committed to five trustees, who loan, without interest, such sums as they think proper to deserving students; and neither the names of those to whom the loans are made, nor the amount of the loans, are known to any one but the trustees and the auditors of the fund.*

The following are the present Trustees, to whom applications may be made:

Alfred G. Compton,	At the College.
Charles L. Holt,	188 Front Street.
Everett P. Wheeler,	209 Broadway.
Smith Bloomfield,	132 Nassau Street.
John Hardy,	243 Broadway.

According to a resolution of the Associate Alumni, adopted at

* The Associate Alumni were incorporated as the "Student's Aid Association of the New York Free Academy," by Act of the Legislature, passed May 1st, 1865.

their meeting in July, 1858, a committee of fifteen is appointed by the President at each annual meeting of the Alumni, to attend the examinations at the College during the year immediately following their appointment. This Committee reports to the Alumni at the next annual meeting.

The present committee consists of the following Alumni:

Everett P. Wheeler, Chairman,	
Robert F. Weir,	John H. Turner,
P. Bonnett Wight,	O. E. Michaelis,
John Howe, Jr.,	H. P. O'Neil,
Samuel G. Jelliffe,	E. D. Hudson, Jr.,
Charles H. Kitchel,	Lucius McAdam,
Emil J. Beneville,	W. H. J. Sieberg,
James A. Seaman,	Wm. H. Van Arsdale.

LITERARY SOCIETIES.

Two Literary Societies, the CLIONIAN and PHRENOCOSMIAN, are connected with the College. They were established for a kind purpose—the cultivation of the arts of composition, oratory and debate, and the promotion of a friendly intercourse between students. The students of the four collegiate classes, as well as resident Graduates, are eligible to Regular Membership.

The Faculty are ex-officio Honorary Members of the Societies.

The meetings are weekly during the collegiate year. The exercises consist of the reading of an essay, the delivery of an oration, and the debate of a question previously appointed. A magazine is also read at intervals, to which the members contribute, anonymously, articles of a lighter nature than the essays. The libraries, containing many valuable books, are in two of the side-rooms of the chapel, and are open to the members on Friday afternoons.

LIBRARY.

The Library contains 14,000 volumes, consisting of valuable and well selected books, and is constantly increasing through additions from appropriations, and from donations by private citizens.

In 1852, EPHRAIM HOLBROOK, Esq., of this city, bequeathed the sum of \$5,000, to be applied, at a future period, to the purchase of books for the Library.

In 1857, SETH GROSVENOR, Esq., of this city, bequeathed to the Board of Education the sum of \$30,000, to be permanently invested, and the income thereof to be expended, under certain conditions, in the purchase of books for the Library.

Extract from the By-Laws of the Board of Trustees concerning the Library of the College.

§ 42. The President shall, at all times, have access to the Library, and shall, on application to the Librarian, be entitled to the free use thereof.

§ 43. The Professors and Tutors shall, at all times, on application to the Librarian, have access to the Library, and enjoy the right of taking books therefrom, provided no Professor have more than six and no Tutor have more than three volumes belonging to the Library at any one time in his possession.

§ 44. The Students of the Senior, Junior, Sophomore, and Freshman classes shall be entitled to the use of the Library, under the conditions hereafter mentioned.

§ 45. The Library shall be opened to students every alternate Friday throughout the Collegiate Term, from 8½ to 9 A.M., for the return of books, and from 10 A.M. to 1 P.M. for the delivery of books; and it shall be the duty of the Librarian to be in the Library at those times.

§ 46. Students shall make application for books in the following manner:

a. The Librarian will furnish blank certificates, in form as follows:

[Space for date.]

[Space for Name, Class and Section] having, during the past two weeks, obtained the Library average (0.75) for scholarship in my department, and having received no mark of demerit for misconduct, and having been punctual

in attendance, is declared to be entitled to the use of the Library, provided no objection exist on other grounds.

[Space for Signature.]

[Space for Signature.]

[Space for Signature.]

b. The above certificate, dated the previous afternoon, and signed by at least three of the Professors or Tutors, whose recitations the student may have attended during the preceding two weeks, must be handed to the Librarian at the stated time on Friday morning, together with any book belonging to the Library which the applicant may have drawn therefrom.

c. On the back of this certificate, thus dated and signed, the applicant will inscribe, in the order of his preference, the titles of any books which he may desire. He shall be entitled to the first in order not in use, unless its removal from the Library be forbidden, BUT IN NO CASE SHALL ANY STUDENT HAVE MORE THAN ONE VOLUME BELONGING TO THE LIBRARY AT ONE TIME IN HIS POSSESSION.

d. The books thus applied for having been selected and recorded by the Librarian during the day, will be delivered to the applicants the same afternoon at three o'clock.

§ 47. No book shall be taken from the Library, UNDER ANY PRETENSE, BY ANY PERSON, without the authority of the Librarian, and every book taken shall be duly recorded in a register provided for that purpose.

§ 48. No book shall be retained by any instructor or student for a longer period than two weeks, without renewal, except books of reference used by an instructor in his recitation room. All books shall be returned one week before the end of the term.

§ 49. Should any student wish the renewal of a book already in his possession, he must fulfill every requirement of the 46th section exactly as if he desired another book; and should any application have been made for it in the mean time, his right thereto shall cease.

§ 50. The penalties for defacing, mutilating or losing books belonging to the Library shall, in the case of students, be as follows:

a. For defacing a book, suspension from the use of the Library for not less than one month, nor more than three months, at the discretion of the Librarian, or until the injury be repaired, to be entered in the Library account.

b. For mutilating or losing a book, complete restriction from the use of the Library until the book be replaced, rebound or repaired, as the Librarian may require.

§ 51. Any book delivered to any student or instructor, whether text-book, book of reference, or Library book, shall constitute a charge against him of the cost of the book, to be paid by him unless it be returned in good condition, or its loss or injury be satisfactorily accounted for to the Librarian; AND IN CASE OF A STUDENT, UNLESS THE SAME BE PAID FOR OR REPLACED WITHOUT DELAY, HE SHALL BE DISMISSED FROM THE COLLEGE. In cases of gross carelessness, or wanton injury of the books, punishment shall be inflicted in addition to reparation.

§ 52. The Librarian shall report to the Executive Committee, at the end of each Term, the condition of the Library, the books injured or lost, and the persons by whom they were lost or injured.

LABORATORY.

The Laboratory of the College is well provided with the necessary apparatus of glass and porcelain, and with an extensive suite of chemical preparations, to which additions are constantly being made by the Professor having charge of the Department. The Physical Cabinet is also large, and contains most of the best French and German instruments, imported expressly for the College.

APPARATUS.

The Apparatus of the College consists of full sets of French, German, English and American instruments, to illustrate the subjects of Surveying, Navigation, Mechanics, Sound, Light, Heat, Electricity and Magnetism. The subject of Civil Engineering is illustrated by fine French models of oblique bridges and Topographical Drawing, and models of Groined Arches and Spiral Staircases. There are also several models of Fortifications.

NATURAL HISTORY.

The department of Natural History is provided with a Cabinet of Geological, Mineralogical and Conchological specimens, the last presented by Townsend Harris, Esq.

The subject of Physiology is illustrated by Skeletons, Manikins, &c.

DEPARTMENT OF DRAWING.

The Drawing Department is furnished with the following classes of models and casts:

1. Models of Geometrical Solids.
2. Models of Mouldings.
3. Casts of Architectural Ornaments, of different styles.
4. Cast Models of some orders of Architecture.
5. Busts, Casts from Antiques, and Masks from Nature.
6. A selection of Casts taken from Antique Sculptures of the Parthenon and the Temple of Minerva, in Athens—called “Elgin Marbles”—partly Bas-Reliefs and High-Reliefs, partly Statues. These were presented by Charles M. Leupp, Esq., of New York.
7. Different Casts of Bas-Reliefs, with Mythological Figures.
8. Different Casts of Torsos and portions of the Human Figure, partly from Antiques, partly from later Sculptures.
